

The MTV youth-exchange group arrived in Peniche at 18 o'clock. The temperature was 23° and the weather was wonderful. The participants moved into their rooms and got ready to diner. Everybody was very excited to meet the group and to eat pizza (it wasn't italian pizza, but italian guys enjoyed it too).

After dinner was a small game to break the ice. Then, who wanted could join the leaders to the city fortress to see the spectacular talent show of the Youth Week. It was a memorable experience for everyone!

Around midnight the whole group went back to the Accomodation and prepared them-selves for bed to recover from the exhausting day.
